Project Architect
Location: Manor Architects - Mid Ulster

About Us

Manor Architects is an award-winning, carbon-neutral architectural practice that combines cutting-edge innovation with a deep respect for heritage conservation. With expertise spanning sustainable design, agricultural infrastructure, heritage preservation, and bespoke architectural solutions, we deliver transformative projects across Ireland and internationally.

Role Overview:

We are seeking a talented and driven Project Architect to join our team. The successful candidate will lead projects from concept to completion, ensuring designs are innovative, sustainable, and aligned with our core values.

This role demands a strong blend of design expertise, technical knowledge, and project management skills, but most importantly a desire to learn, progress and work with the rest of the team.

Key Responsibilities:

- Lead architectural projects, managing all phases from feasibility studies to construction.
- Develop detailed design concepts, ensuring functionality, sustainability, and compliance with building regulations.
- Coordinate with clients, consultants, contractors, and team members to deliver projects on time and within budget.
- Oversee the preparation of detailed drawings, technical specifications, and tender documentation.
- Conduct site visits, inspections, and meetings to ensure successful project delivery.

Qualifications & Experience:

- ARB registration with at least 5 years of post-qualification experience.
- Proven experience in managing and delivering projects.
- Strong understanding of building regulations and planning processes.
- Excellent time management skills.

Software Skills:

- Essential: Proficiency in AutoCAD.
- Preferred: Experience with Photoshop, SketchUp, or Revit (open to candidates based on their experience).

Personal Attributes:

- Excellent communication and organisational skills.
- Ability to work collaboratively in a fast-paced environment.
- A strong commitment to design excellence.
- Passion for architecture and a desire to commit to the company and helping it grow and deliver.

What We Offer:

- Opportunity to work with a globally recognised, award-winning team.
- Involvement with projects of all scales across all sectors.
- Supportive and collaborative work environment.
- Salary and benefits commensurate with experience.
- Promotion to associate director role potential.

Join Us

At Manor Architects, we pride ourselves on creating designs that blend innovation, heritage, sustainability, and practicality. As a Senior Technician, you will be instrumental in shaping the future of our practice while mentoring the next generation of architectural professionals. Apply now to become part of a team that values excellence, creativity, and collaboration!

How to Apply:
To apply, please send your CV, portfolio, and a cover letter detailing your experience and suitability for the role to office@manorarchitects.com
